

At Oregano's Pizza Bistro we prepare our menu items in house to ensure quality and guest satisfaction. Please be aware that our normal kitchen operations involve shared cooking and preparation areas. There is a possibility that food items can come in contact with other food products. Due to these circumstances, we are unable to guarantee that any menu item can be completely free of allergens. Oregano's Pizza Bistro will not assume any liability for adverse reactions to foods cooked with or items that come in contact with allergens while eating at any Oregano's establishment. This allergen review was conducted by Food CALC, LLC an independent consultant, and details the most common allergens present in each of our menu items.
